

Head Start/Early Head Start
Virtual Permission/Consent Form

To protect our children and staff, we have limited classroom slots due to COVID -19. Tri-County Head Start/Early Head Start is offering Virtual Education Services to parents desiring at home learning for their child. The Virtual children will join in classroom activities via Zoom and Class DOJO to interact with the teacher and peers in their assigned classroom. Zoom and Class DOJO is an internet service that will be used for weekly educational activities such as story time and art activities. During these education activities your child may be viewed in the classroom setting or via Zoom or Class DOJO. Every precaution will be taken to ensure the privacy of any child unable to be viewed to maintain their privacy. Children in the virtual class will be integrated into the classroom once it is safe to do so.
